

MALVIN KIPROP KIPLAGAT

Junior Data Scientist | Data Analytics | Machine Learning | Deep Learning

PERSONAL DETAILS

Nairobi, Kenya | 0720014149 | malvinkiprop05@gmail.com

PROFESSIONAL PROFILE

Motivated and detail-oriented Junior Data Scientist with skills in data analysis, machine learning, deep learning, and data visualization. Experienced in data cleaning, feature engineering, model development, and evaluation using Python and common data science frameworks. Familiar with regression, classification, clustering, CNN, RNN, and LSTM models, with an interest in applying data-driven solutions to real-world problems and continuously developing technical skills. Career experience and project exposure span data science applications across business and finance functions, including investments, insurance, consumer welfare, marketing, product promotion, sales, and IT.

CORE COMPETENCIES

- | | |
|---|-------------------------------|
| • Analytical and problem-solving skills | • Teamwork and collaboration |
| • Critical thinking | • Attention to detail |
| • Communication and presentation | • Data-driven decision-making |
| • Research and data interpretation | • Technical research |

TECHNICAL SKILLS

Programming & Data Analysis: Python, SQL, Pandas, NumPy, Data Cleaning, Feature Engineering, Data Transformation

Data Visualization: Matplotlib, Seaborn, Tableau, Microsoft Power BI

Statistics: Statistical Analysis, Probability, Hypothesis Testing

Machine Learning: Linear Regression, Logistic Regression, Decision Trees, Random Forest, Support Vector Machines (SVM), K-Nearest Neighbors (KNN), K-Means Clustering, Model Evaluation

Deep Learning: Neural Networks, Convolutional Neural Networks (CNN), Recurrent Neural Networks (RNN), Long Short-Term Memory (LSTM), TensorFlow, Keras, BERT

NLP & Generative AI: Text Classification, Sentiment Analysis, TF-IDF, Embeddings, Retrieval-Augmented Generation (RAG), Prompt Engineering

Tools & Platforms: Jupyter Notebook, Google Colab, Git, GitHub, VS Code

Databases & IT: MySQL, Version Control, Artificial and Business Intelligence, Data and Business Analytics, Web Scraping, Information Technology System Support

PROFESSIONAL EXPERIENCE

Information Technology System Support Attaché

Jomo Kenyatta International Airport (JKIA), Nairobi

May 2020 – August 2020

- Assisted the IT team in providing technical support to end-users across the organization.
- Diagnosed and resolved hardware and software issues involving computers, printers, and other IT equipment.
- Responded to user inquiries by phone, email, and in person to troubleshoot and resolve IT-related problems promptly.

- Conducted system upgrades and installations while minimizing disruption to business operations.
- Assisted in managing network infrastructure and supporting network connectivity and security.
- Contributed to the maintenance and monitoring of server systems, backups, and data storage.
- Participated in IT projects, including software testing, documentation, and user training.
- Collaborated with team members in developing and implementing IT policies and procedures.
- Provided user training on software applications and IT tools to enhance user proficiency.

EDUCATION

Data Science Bootcamp

Moringa School | *March 2026 – September 2026*

Bachelor of Science in Computer Science

The Catholic University of Eastern Africa | *2019 – 2023*

Kenya Certificate of Secondary Education (KCSE)

Moi High School – Kabarak | *2014 – 2017*

LICENSES & CERTIFICATIONS

- Certificate of Competence in Introduction to Data Analytics – Google
- Data Science Certificate – Moringa School
- Kenya Certificate of Secondary Education (KCSE)

INTERESTS

Community Development • Corporate Social Responsibility • Current and Development Affairs • Networking • Community Participation • Public Speaking and Debating • Public Relations • Travelling • Research

REFEREES

To be furnished upon request.
